

Vision Therapist:

We are looking for a passionate individual to join our vision care team.

Family Vision is looking for an individual that enjoys working directly with children and adults to be part of a team dedicated to enhancing patient's quality of life by improving their visual skills related to education, work, and play. A qualified applicant will have knowledge or experience in early childhood development, education, counseling, or rehabilitation. They must have a desire and willingness to learn new skills. We are looking for someone who is a lifelong learner, excellent communicator, organized, goal oriented, and enjoys helping others reach their full potential. You must be able to think critically and be adaptable.

As a Vision Therapist, you will work one on one with patients at various levels to train visual efficiency skills or visual perception skills. Patient needs vary tremendously from children with developmental delays, to children with moderate visual perception or tracking needs, to adults with brain injury. As a Vision Therapist you will work closely with a supervising Doctor of Optometry to implement plans of vision treatment. Vision Therapy is one of the most interesting and rewarding specialties in eye care. This is an opportunity to be an integral part of helping change people's lives!

For more information on the optometric specialty of Vision Therapy please see www.covd.org and www.noravisionrehab.org.
